

Engaging Students in Citizen Science Through the Prevention of **Rat Lungworm Disease**

Fall 2018 PDE3 Workshops For Educators

Participants will engage in hands-on STEAM activities designed to involve students of all ages in the prevention of rat lungworm disease through project-based learning. Workshop content is based on the new rat lungworm disease curriculum and teacher manual developed by the University of Hawai'i at Hilo College of Pharmacy.

Teachers must register by enrolling through the PDE3 website (<https://pde3.k12.hi.us>) for Course #SC184011. Select one of the following sections:

Section A (#293202):

- Register by October 19, 2018
- Section runs from October 20, 2018 - April 17, 2019
- Required Face to Face Sessions: October 20-21, 2018
- Portfolio Due Date: March 20, 2019
- Location - Hawaii Island, Kalaniano'le Elementary School
